--- ANNOUNCEMENT ---

It is with great satisfaction that the members of the Marshall County (Iowa) Shorthorn Breeders Association announce their forthcoming 92nd Auction Sale.

For over a hundred years the rich pastures and fertile fields of Central Iowa have produced prime beef, the most nourishing and substantial article of diet that has yet been available to mankind.

Partisans of various breeds of cattle may make extravagant claims for their favorites, but the truth is that NO beef animal is superior to a good Shorthorn.

Prime beeves still are the highest selling animals in the stockyards, and seem destined to remain in that position. The only known way to produce top selling steers is through the use of good bulls, such as are selling in this sale.

We claim without fear of successful contradiction that the Marshall County Shorthorn Breeders Association is the oldest beef brand Association in America selling cattle over the auction block every year, in boom times or bad times, during war or peace.

Try to be here EARLY. Things will move promptly at 7:30 P. M.

An outstanding group of Polled and Horned Shorthorn cattle will be offered in this sale. The bulls are all over 18 months of age, and ready for service. Several are aged bulls that have proven themselves. All are the thick, rugged, good doing kind that are in demand today. Shorthorns are ideal for crossing, as they will give you that added weight at weaning and faster gains in the feed lot. Your next herd bull can be found in this sale. There is an excellent selection of females in this sale, some with calves at side, others close to calving by sale day; also bred and open heifers. The cattle picture is much brighter now, so here is a good place and time to get a small herd started, or perhaps add one or two to your present herd.

These cattle come from a wide area and from reliable sources that have established themselves in the Shorthorn business. Study the bloodlines represented in this sale and I'm sure you will agree that these breeders have followed a constructive program of producing the kind of cattle to meet today's needs.

We sincerely hope that you will be in attendance at this sale, and enjoy the fellowship of being with people who have a common interest in beef cattle in general, and Shorthorns in particular. Every effort will be made to make this an enjoyable evening for all of you, so come early. There will be lunch available at the sale. Let me know if I can help you in any way. Thank you.

DALE E. PETTY,
Sale Manager.

Back the Shorthorn Breed — Be a Member of your Association — Send your dues to:
SHORTHORN ASSOCIATION \$10.00 to Al Hamann, Rock Rapids, Iowa
IOWA SHORTHORN LASSIES \$2.00 to Mrs. Wayne Farnum, Victor, Iowa
IOWA JUNIOR SHORTHORN ASSOCIATION \$3.00 to Doug Petty, Eldora, Iowa

(Printed by The Conrad Record, Conrad, Iowa)

TERMS & CONDITIONS OF SALE

Location—The Sale will be held in the J. Pedelty Farmers Market Auction on the northwest edge of Eldora, Iowa. It will be held Friday, May 26, 1967, at 7:30 P.M. Eldora is slightly over 300 miles west of Chicago, some 200 miles east of Omaha, and about 330 miles northeast of Kansas City.

Terms—Cash, settlement to be made with Clerk of the Sale immediately at the conclusion of the auction. All animals will be at buyer's risk as soon as bid off, but will be cared for and loaded on cars or trucks in compliance with instructions from purchaser. Care will be taken to avoid accidents, but will not be responsible should any occur.

Guarantee—All cattle have passed test for both Bangs and Tuberculosis. Health certificates will be furnished to enable these cattle to go into any state or territory. Bulls are guaranteed breeders if not used for service before they are 14 months of age and if properly cared for and not allowed to run with the herd. If a bull fails to breed, he may be returned to the seller if in as good condition as when bought; and if, after three months' trial by seller he proves to be infertile, purchase price will be refunded. All cows with calves at foot and those showing evidence of being with calf at time of sale are considered breeders, and no further guarantee is made with respect to them. All heifers under 16 months old and not yet bred are sold open and at buyer's risk. All other cows and all heifers over 16 months old at time of the sale are guaranteed to be breeders. Animals returned to seller because they do not comply with guarantee will be at buyer's cost of transportation.

Pedigree Certificate—A certificate of Registry and Transfer will be furnished with each lot sold, and an application of Registry will be furnished for each calf sold at foot and each unborn calf sold at dam.

Roan, John F. Shuman

Miss Volumnia

Roan, Dale E. Petty

Mar Da D's White Cloud—Ultrasonic data: live weight, 1200; ribeye area in sq. in.: act. 16.38, adj. 14.41; back fat thickness, .40; fat thickness per cwt. carc., .055; ribeye area per cwt. carc. 2.40. If you want to improve the quality of your beef, take a look at this bull's ribeye area. An excellent ribeye reading is 2.00 sq. inches or greater per 100 lbs. of carcass weight or 12.00 sq. inches for a 1000 lb. animal. His ribeye area exceeds his sire's who is the only Shorthorn bull in the U. S. to be named a P.R.I. Certified Meat Sire. You can't see under the hide, but ultrasonic can, taking the guessing out of your future sires' ability.

LOT 9—MALE ROCKAWAY COMMODORE 36th 3300-276 LORENCE LUNDBY
